

OIL PATCH LOGISTICS HEALTH AND SAFETY POLICY

Oil Patch Logistics conducts its operations in a manner to protect the health, safety, and security of its employees, its contractors, and all those affected by our activities. Health and safety remains the highest priority in everything we do.

To ensure this focus is maintained, we will:

- Promote a culture of shared responsibility and accountability towards health and safety.
- Prevent accidents and work-related health incidents by managing the health, safety, and security risks in the workplace.
- Develop, implement and follow efficient safety procedures and standards.
- Observe, identify, report, and manage any unsafe work practices or conditions to prevent reoccurrence.
- Provide clear instructions, information and adequate training to ensure employees are competent to do their work.
- Engage and consult with employees on day-to-day health and safety conditions.
- Maintain safe and healthy working conditions, provide and maintain plant, equipment and machinery, and ensure safe storage and use of substances.
- Ensure all employees and contractors have adequate training to respond appropriately in an emergency.
- Ensure our contractors and subcontractors have adequate safety management systems in place, and a proven track record of effectively managing workplace health, safety, and security.
